

Achievements

- The class enjoyed showing Liza their instruments that they had taken in from home and what they could play on them. The whole class enjoyed having a turn of the different percussion instruments we have in school.
- The class have really enjoyed their French lessons with Mrs MacDonald and are getting very good at saying how they feel and what the weather is like. They have enjoyed learning head, shoulders, knees and toes in French as well as lots of farm animals.
- Everyone LOVED the visit from Fran and lambs Rose and Jimmy this week. The class were so excited and have now all decided their favourite animal is a lamb.
- Wellbeing Wednesday was enjoyed by all, P6 led it this week and it involved some circuit moves and dancing.
- Keeping in theme with the dancing, the Yellow Room and nursery continued to practise some dance moves in the cabin on their trip to the woods. P1/2 also took their reading books along to read to the nursery children.
- The class continue to enjoy Primary 6 leaders taking them for P.E- this week was football skills, team games and a scavenger hunt.
- Everyone enjoyed Caiden’s mum visiting this week to help us with gardening.

This week we...

- Primary 1 phonic sound- **‘wh’**- we have explored words with this pattern and listened carefully to the difference of words starting with **‘wh’** or **‘w’**.
- Primary 2- continuing the **‘i’** sound, this time with the pattern **‘ie’**. We have played lots of spelling games to help us practise this, including lots of rainbow writing.
- Reading- this week the class have worked hard on expression when reading and they have done a fantastic job. Some have looked at words in bold or italics and we have discussed that this show emphasis. Many are becoming more confident in their reading and their voices are becoming a little louder and more sure of themselves. Some are reading more fluently and picking up new words very well. The class loved reading in the cabin so much that many have requested they take their reading books out at lunchtime to have a read in the playground. This is something I love to hear- children wanting to read 😊
- Writing- this week we wrote a short piece on our long weekend- P2’s encouraged to have a go with spelling and they did a super job of using their phonics to help them. We are working on producing a poster about a chosen farm animal. We have discussed the key aspects of a poster and the information we want to include. We have carried out some research and started to design our final posters.

AOCB

- **P.E-** For the next 2 weeks P.E will be on **Tuesday and Thursdays** as we will be doing Athletics on the pitches on a Tuesday afternoon to tie in with Ballie Cup practises.
- **Wednesdays outdoor learning** in the woods- dress appropriately.

Date:12.05.23 Class: P1/2

- Numeracy – this week we explored volume and weight, as well as using the trundle wheel to measure larger lengths such as the playground. Primary 1's have been focusing on ordering numbers, saying the number before and after.
- Health and Well being- this week the class learnt about the body parts- they drew around 2 people and identified as many body parts as they could and we discussed the different names people give them. We spoke about it being ok to have different names but why it was important to know the real names.
- We also looked at 'our families' and the different types of family that there are.

Question stems for discussion at home:

What was the most enjoyable part of your week?	Tell me one thing that you learnt this week...	What did you find tricky this week?	What did you do in class this week that you want to try again? Why?
